

California Coastal Commission Budget No. 3720

Report No.	Legislative Report Title—Brief Summary of Reporting Requirements	Admin. Justification for Proposed Elimination or Modification	Committee Staff Comments
1	Public Coastal Access Joint Report	Eliminate Reporting Requirement. Last report submitted in 1986.	According to the Coastal Commission, the last Public Access Joint Report was submitted in 1986. The Legislature may ask the Commission to clarify why this report is no longer produced or deemed relevant.
2	Status Report on Public Access Offers to Dedicate (OTDs)	Eliminate Reporting Requirement. The original purpose of the report was to ensure that the CCC and SCC tracked all outstanding OTDs so they would not expire. The Commission's database and tracking system was so antiquated that many OTDs were nearing their expiration date without having been transferred to an accepting entity. There is now a system in place to ensure all OTDs are accepted prior to the expiration date.	According to the Commission, there is now a system in place to ensure all Offers to Dedicate (OTDs) are accepted prior to their expiration date, rendering this report unnecessary.
3	Contaminated Sediments Task Force Report	Eliminate Reporting Requirement. The plan has been prepared, the report has been submitted, the program is in place.	According to the Commission, the plan contained in the Contaminated Sediments Task Force report has been prepared and the program is now in place.
